

# Time Schedule

**MONDAY, 29<sup>TH</sup> MAY 2000**      **TIME: 09:00 – 10:30**

Opening Ceremony

Andras Javor  
Gérard Duru  
VIP

**MONDAY, 29<sup>TH</sup> MAY 2000**      **TIME: 11:00 – 13:00**

Area 2.3.1 Health System Reforms - Comprehensive Approaches under limited resources

Irena JOKIC	BOS	Reform of health in Bosnia and Hercegovina through family doctors
Tarek M. HUSSAIN	DEN	WHO's CARAK Project: A model of partnership and sustainability
Ph. BRILLET	F	Evaluation of the schistosomiasis prevention and control program in Brazil since its founding
Gurpinder KAUR	IND	Evolving a systems model for rural health care in India
Eugenia DELCHEVA	BUL	Impact of compulsory health insurance on health financing in Bulgaria
Fatima-Zohra OUFRIHA	ALG	La politique du médicament en Algérie entre promotion industrielle et maîtrise des dépenses pharmaceutiques
Alexander S. PREKER	USA	Health Financing Systems in Transition: Eastern-Europe and Central-Asia

Area 3.3.1 Measuring Quality of Life

Jean Marie ROBINE	F	Can we expect to live both a longer and a healthier life?
Marie-Claude SIMÉONI	F	Conceptualisation and validation of a French generic self-administered multidimensional health-related quality of life instrument for adolescents
Céline ROBARDET	F	Méthode de traitement de données de Qualité de Vie
Joelle MICALLEF	F	Quality of life of non-institutional caregivers of patients infected by the AIDS virus
Marie-Eve JOEL	F	Situation économique et qualité de vie des aidants attents de démence sénile de type Alzheimer
Sandra HOLLINGHURST	UK	Estimating the "avoidable" burden of disease by Disability Adjusted Life Years (DALYs)

Special Session 14: La sécurité sanitaire - Chair: Prof. Catherine Maurain, FRANCE

Elvira BEL PRIETO	SP	Les systèmes de vigilance des biens de santé
Maurizio CINI	I	
Francois LOCHER	F	
Marine AULOIS-GRIOT	F	
Ariel BERESNIAK	CH	Impact économique de la gestion du risque dans le cadre de la sécurité sanitaire
Mario FROTA	P	La sécurité sanitaire et le droit de la consommation
Marie-Christine SOURGEN	F	Sécurité sanitaire et information des patients

**MONDAY, 29<sup>TH</sup> MAY 2000**      **TIME: 14:30 – 16:30**

Area 2.3.2 Health System Reforms - Sectorial Studies

Alex BERLAND	CAN	Mental Health Reform in British Columbia
Gwyn BEVAN	UK	Measuring the Scale of Discretionary Admissions in NHS Acute Hospitals
A. K. SHAHANI	UK	A system modelling approach for the care of people with diabetes
Lora TODOROVA	BUL	Methods for paying providers in Bulgaria
Gwyn BEVAN	UK	Allocating resources to general practitioners as budget holders for hospital services in the new NHS
Leroy WHITE	UK	Public Matters: participation, accountability and partnership work with a local health authority in London

Area 3.3.2 Measuring Quality of Care

Alex BERLAND	CAN	What is Quality of Care?
Ales BOUREK	CZ	Standards of efficient medical care (SEMC) - toolbox for the implementation of managed care in the Czech Republic
Joseph M. MERRILL	USA	Impression Management: A key to quality health care
Detlef SCHWEFEL	GUAT	Economic paradigms for health information systems and their impact on the quality of care
André Francisco PILON	BRA	Professional Empowerment as a Health Promotion Learning Experience
Stéphanie GENTILE	F	Patient satisfaction in anaesthesia as an indicator of quality of care: Limits and contribution of qualitative techniques

**Special Session 11 Health Sector Reforms under limited resources - Chair: Prof. Slim Haddad, CANADA**

D. NARAYANA	IND	Effect of Macroeconomic Adjustment Policies on Health Care System: Tackling Complex Systems with Narrow Market Mechanisms
Sanguan NITAYARUMPHONG	THAI	Macro Analysis of Linkages of Health Care Reform on Accessibility, Utilization and Quality of Health Services in Thailand
Alexander S. PREKER	USA	Human and Health Systems Development Strategies under Debt Relief for Highly Indebted Poor Countries (HIPC)
Francisco YEPES	COLMB	Health Reform in Colombia: Structural Changes and Equity Effects

**MONDAY, 29<sup>TH</sup> MAY 2000      TIME: 17:00 – 18:00**

**Plenary Session**

Richard Gibbs	UK	Systematic Improvement of Clinical Quality and Health Outcomes in Primary Care
Julio Frenk / Chris Murray	WHO	Reporting requirements and benchmarking for future assessments of country performance

**TUESDAY, 30<sup>TH</sup> MAY 2000 TIME: 08:30 – 10:30**

**Area 1.1.1 Managing Systems under Limited Resources - Planning and Evaluation**

Detlef SCHWEFEL	GUAT	Discovery and Management of excellence in health care. National contests of good health care management in the Philippines and its impact on health care policy
Roger SCHMITT	NEP	Sustainable Physical Assets Management for Public Health Sector in Developing Countries - An experience from Sub-Saharan countries and Nepal
Bozena MIELCZAREK	POL	Using simulation in emergency medical services systems
Walter KIPP	CAN	Cost sharing in Kabarole district, Uganda: Incentive payments to health staff most likely explanation for a low impact of user fees on utilization frequency of health services
Stéphanie ANTONIOTTI	F	Conceptualisation of a French instrument measuring patient satisfaction
Pierre FOURNIER	CAN	Initiative de Bamako et Déterminants des Performances Financières des Centres Publics de Santé (Exemple en Guinée)

**Area 2.2 Promotion of Prevention**

Marco BIOCCA	IT	Tumor screening and occupational health programmes
Dragana NIKSIC	BOS	Education as a factor of prevention of the traffic traumatism
Georges MENAHEM	F	The protective effect of mourning on health: Learning by coping?
Claire RIGAUD-BULLY	F	Etude coût-efficacité de la vaccination pneumococcique en France chez les sujets âges de 65 ans et plus
Georges ENOS	F	Prévention du vieillissement , mythe et réalité
Anne BURDET SCHOPFER	CH	WWW.BUS13.CH - Le Bus 13 Roule pour une prévention de proximité adaptée aux valeurs de clients

**Special Session 10: Cost and Health Consequences of Global Tobacco Production and Consumption in Developing Countries - Chair: Dr. Baris**

Iraj ABEDIAN	S. AFRICA	Demand Elasticities, Taxation of Tobacco Products and Economic Consequences: A Developing Economy Perspective
Armando ARREDONDO	MEX	Smoking - Attributable Health Care Costs in Middle-Income Countries: The Case of Mexico
Nazmi BILIR	TR	Impact of Ban Smoking in Public Places in Turkey
Hatai CHITANONDH	THAI	Tobacco Globalization, Trade Liberalization and Health Care

**Special Session 16: Small area variation in medical practice - Chair: Gwyn Bvan, UK**

**TUESDAY, 30<sup>TH</sup> MAY 2000 TIME: 11:00 – 13:00**

**Area 1.1.2 Managing Systems - Addressing Resources**

Jean-Paul AURAY	F	Une analyse de l'attractivité des maternités en Rhône-Alpes
Ingvar WESTERBERG Bengt ANDRÉ	SWE	Model for distribution of resources in the Psychiatric Outpatient care in the county council of Halland, Sweden
Alexandre KLEMENTIEV	USA	Establishing health intervention priorities for local public health agencies
Emma MCINTOSH	UK	Assessing user preferences for, and costs of, genetic counselling for familial cancer risk in Scotland: a cost-utility analysis using conjoint analysis
Caryn MATHY	F	L'expérimentation "PMSI-urgence": objectif, méthodologie, premiers résultats et perspectives
Luc DELESIE	B	Fostering consensus about financing institutional care for the aged

**Area 1.4 Nursing**

Gilles DUSSAULT	CAN	État du marché du travail infirmier au Canada: Revue de la littérature
Lise GOULET	CAN	The impact of early postpartum discharge programs on mothers and infants health and health services utilization
José Aristodemo PINOTTI	BRA	Comprehensive Women's Health Care by a Physician/Auxiliary Nurse Team. Evaluation of 5 years experience in Sao Paulo, Brazil
Mohammed B. M. KHALID	CAN	Modèle de gestion de la vieillesse dépendante
Caroline LE NAVENEC	CAN	A Musical Pharmacy: Testimonials of Older Adults About Its Value for Enhancing Well-Being
Caroline LE NAVENEC	CAN	Enhancing Quality of Life for People with Dementia: The Effectiveness of Music

**Special Session 3: Challenges and Opportunities under European Regulatory Integration: The Case of Health Industries - Chair: Prof. Christa Altenstetter, USA**

Christa ALTENSTETTER	USA	EU regulatory regime on medical devices and national policy adaptation: A three country comparison
Panos KANAVOS	UK	Challenges in the regulation of biology products
Govin PERMANAND	UK	Regulation of the European Pharmaceutical Market in the 1990s - Reconciling contrasting objectives and conflicting interests
Elias MOSSIALOS		
Reiner LEIDL	GER	Impact of the European Union on the health systems of the member states
Joan ROVIRA	SP	

**TUESDAY, 30<sup>TH</sup> MAY 2000      TIME: 14:30 – 16:30**

**Area 1.1.1.1    Managing Hospitals - Planning and Evaluation**

Veronique BAPTISTE	F	Self-evaluation: An innovative strategic tool for hospitals
Murielle LONA	B	Comparative analysis of the Belgian hospitals
Yoichi SATOMURA	JAP	Japanese official guidelines for storing health records on electronic media - Expected influence to healthcare restructuring
Gurdeep SINGH	IND	Patient satisfaction - A determinant of quality management in hospitals
Stéphane RILLAERTS	B	Optimisation de la production des soins hospitaliers: relation entre modes de financement et gestion hospitalière
Claude PETIT	F	Concepts pour un hôpital virtuel
Christophe PASCAL	F	Du colloque singulier au colloque pluriel: Déconstruire les processus pour reconstruire l'hôpital

**Area 3.6        Decision Support**

Joel COLLOC	F	A decision support system to encode the diseases in hospital
Luc DELESIE	B	Aggregating and visualizing maxi-variate psychiatric patient clinical data for feedback to care units and organizations
VAINCHTOCK	F	Evaluation médico-économique de la prise en charge des troubles anxieux en médecine ambulatoire
Sebastien DALGALARRONDO	F	Une recherche negociée: le cas des essais thérapeutiques VIH en France
Nora MOUMJID-FERDJAOUI	F	Eliciting patient preferences in oncology: lessons from the development of a decision board
Jürgen JOHN	GER	New Opportunities of Utilization Reviews in the German Statutory Health Insurance Scheme

**Special Session 4: Implementing Health Care Reform - Chair: Prof. Christa Altenstetter**

Marilyn A. DeLuca	USA	Health Reform in Public Systems: Recent Reforms in the UK's National Health Service & the US Veterans Health Administration
Diane M. DUFFY	USA	Developing Guiding Principles from Poland's Experience with Health Care Reforms
Manuela FELÍCIO	P	Health Services Reorganization Implementation Study - The O.P.C. Service
Miriam LAUGESSEN	USA	Moderation in reform: Constraints on reform implementation in New Zealand in the 1990s
Harm LIEVERDINK	NL	Facilitating innovation in care: the deregulation of health care financing in the Netherlands
Theodore R. MARMOR	USA	Policy Panaceas, Cost Control, and the Oregon Misunderstood Experiment in Explicit Rationing: The lesson of implementation

**Area 3.2.2       Implementation and assessment of clinical guidelines**

Claude CHERRIER	F	An evaluation of the application of a certain number of approved medical guidelines for prescriptions
Mirjam van het Loo	NL	Putting guidelines in their place: A pilot study of clinical depression in the Netherlands
Jana ZVAROVA	CZ	The role of electronic patients' records and medical guidelines in health care
Randolph QUAYE	USA	Professional Integrity and the Age of Managed Care: Views of Physicians
Carsten WEBER	GER	Evaluation of Evidence-based Guidelines for Diabetics Type II in Outpatient Treatment

**TUESDAY, 30<sup>TH</sup> MAY 2000      TIME: 17:00 – 18:00**

**Plenary Session**

Ann Lennarson Greer	USA	Consumer involvement in health system evaluation, priorities and perspectives
Duncan Boldy	AUS	Are you being served? Determinants of satisfaction in residential aged care

**WEDNESDAY, 31<sup>ST</sup> MAY 2000 TIME: 08:30 – 10:30****Area 1.1.1.2 Managing Hospitals - Addressing Resources**

Kazuyo K. SOOUDI	USA	A new approach to procurement of clinical products in LTCFs
Alice TEIL	F	Decentralized hospital management: Balanced scorecards for responsibility awareness
Etienne SCHMITT	F	Quality of Pharmaceutical Care and Hospital Drug Distribution Systems
Jana DALE	UK	Operational Modelling for Planning and Management of Capacities in Hospitals
Jean-Pierre CLAVERANNE	F	A new tool for hospital manager: The 'mediconomic' management control
Shelley FARRAR	UK	Prioritisation of clinical service developments: an application of conjoint analysis

**Area 3.2.1 Technology Assessment and Evaluation**

Tsunetsugu MUNAKATA	JAP	Effectiveness of Telecounselling on Mental Health of Computer-Engineering Workers
Francis ONUOHA		
Pascal POMMIER	F	Economic implications of a new modality in anti-cancer treatment: hadron therapy
Jeanny HAGGERTY	CAN	Case-mix adjustment in ambulatory settings: Comparison of two methods using administrative data
Marie BAUMEVIEILLE	F	The European medicines authorization system: Which contribution to a prescription secured by the information of physicians
Martina ALBRECHT	GER	A Randomized Trial to Evaluate the Cost-effectiveness of Ambulatory Rehabilitation

**Special Session 5A. Consumer Involvement in Health System Direction, Assessment and Improvement: Session I - Chair: Dr. Ann Lennarson Greer, USA**

Paul D. CLEARY	USA	Consumer involvement in health system assessment and improvement: The role of public disclosure
Gianfranco DOMENIGHETTI	CH	Impact of honest information on willingness to accept screening tests
Judith H. HIBBARD	USA	Challenges and strategies for supporting informed consumer choice in health care
Diana ELBOURNE	UK	Views of participants in trials: Qualitative research from the UK collaborative ECMO trial

**WEDNESDAY, 31<sup>ST</sup> MAY 2000 TIME: 11:00 – 13:00****Area 1.2.1 Managing Diseases - Process Quality**

Kazue TAKAYANAGI	JAP	Inter-disciplinary scientific based stress managements for patients by healing environment by improving immunity: A new wave for reducing health care social cost
Sandrine MENGUY	F	Detailing activities: Between therapeutic knowledge and practice
Thierry DEKEYSER	B	Obstetric examinations during pregnancy
Leroy WHITE	UK	Systems for improving continuing care for people with Parkinson's Disease and their carers
A. K. SHAHANI	UK	Modelling for an early detection of disease through screening
Adriana TODEA	ROM	Overview of Romanian informational system structure of occupational diseases, registration and surveillance

**Special Session 13: Application of Frontier Models in Health Care, the State of the Art - Chair: Prof. Jean-Claude SAILLY, FRANCE / Mr. Benoît Dervaux, FRANCE**

Benoît DERVAUX	F	Assessing Hospitals Performance at Various Levels: Aggregation Properties of Efficiency Indices
Gary D. FERRIER	USA	Cluster Analysis, DEA and Bootstrapping. Investigation into Specification
Anne Lise GUISSSET	B	Conceptualization and Operationalization of the Hospital Production Process
Jos BLANK	NL	Healthy Hospitals: An Empirical Research on the Economic Efficiency of Dutch General Hospitals
Jon CHILINGERIAN	USA	Measurement of Quality Frontiers in Health Care

**Special Session 5B. Consumer Involvement in Health System Direction, Assessment and Improvement: Session II - Chair: Dr. Ann Lennarson Greer, USA**

Vikki ENTWISTLE	UK	Developing and evaluating strategies to support patients' participation in decision-making
Helen WU	USA	The influence of older patients' concerns on their surgeon's treatment recommendations for early-stage breast cancer
Olli-Pekka RYYNÄNEN	FIN	Attitudes to health care prioritisation in public hearings in rural Finland
Ann Lennarson GREER	USA	The boundary of science and preference: practice variation as vice or virtue?

**WEDNESDAY, 31<sup>ST</sup> MAY 2000 TIME: 14:30 – 18:00****SITE VISITS**

**THURSDAY, 1<sup>ST</sup> JUNE 2000 TIME: 08:30 – 10:30**

**Area 3.1 Geography and Demography**

Mårten LAGERGREN	SWE	The demographic impact on future costs for care in Sweden – A scenario analysis
Jean Francois OUTREVILLE	CH	Ageing of Population and Health Care Expenditure
Henri VAN DEN HOMBERGH	KEN	Fertility Baseline Survey: An Essential Tool for Planning, Monitoring and Evaluation the Impact of Community Based Reproductive Health Services Projects
Yves CARRIÈRE	CAN	Health Expectancy at Age 65 in Canada: The Impact of Home Care Policies
Ph. BRILLET	F	The new relevance of medical geography in health economics
Pascal AUQUIER	F	Quality of life and migration: A new sanitary approach?

**Area 1.3 Networking of Care**

James KAHAN	UK	Towards transmural systems models of health care: needs and barriers
Marie-Hélène RUSSI	CH	Networking of care: Threat or opportunity for institutional and professional identities?
Aris A. SISSOURAS	GR	Evaluating the Efficiency of Health Care Units: The Case of the Greek Health Care Centres
Rosario RODRIGUEZ	CAN	The reorientation of health care towards integrated delivery in the Montreal area
Maryse GADREAU	F	Le réseau en santé. Une clarification conceptuelle
Pierre HUARD	F	A framework for analysing health care systems dynamics

**Special Session 1: Evaluation Methodology in Health Care - Chair: Prof. Keisei Tanahashi, JAPAN**

Tatsuo IWAMORI	JAP	The Correlation Between Quality Outcome and Economic Performance in Japanese General Hospitals
Nobuo YAMADA	JAP	Productivity changes in Japanese public hospitals
Izabela RYDLEWSKA-LISZKOWSKA	POL	Economic evaluation in Polish health care system (examples and conclusions)
Ksenija Sarazin KLEMENCIC	SLO	Evaluation of the transition period in health care in Slovenia - Consumer's point of view
Kazue TAKAYANAGI	JAP	The Importance of a Multi-Institutional Analysis for Preventable Trauma Death - A Guide for Quality Improvement Using Peer Review along with TRISS Methodology

**THURSDAY, 1<sup>ST</sup> JUNE 2000 TIME: 11:00 – 13:00**

**Area 2.1.1 Financing of Progress - Comprehensive Approaches**

Sandra HOPKINS	AUS	What influences the level of health expenditure? - Evidence from the OECD countries
Antonia MAIONI	CAN	Fiscal federalism and health care reform in Canada and Italy
Rodrigo RUZ TORRES	B	Risk adjustment in Belgium: An assessment using individual data
John KYRIOPOULOS	GR	Private Insurance Schemes versus Integrated Public Coverage: Trends in the Health Sector in Greece
John KYRIOPOULOS	GR	Health Inequalities and Equity Policies in Greece
Lioudmila FRANEVA	RUS	Expansion of sources of medical care funding in Russia
Annie MARTAL-FENASSE	F	L'avenir de l'assurance maladie privée

**Special Session 15: Bon usage et bonnes pratiques en matière de soins: le cas spécifique des observatoires de la prescription et de la consommation de soins - Chair: Therese Lebrun, FRANCE/Francois Parée,**

**FRANCE**

F. FAGNANI	F	Les études d'observation: objectifs, méthodes et questionnements
F. PARÉE	F	Les observatoires de la prescription: conditions de mise en oeuvre et utilisation en France
Y. CHARPAK	F	Les expériences institutionnelles de suivi de cohorte
F. PRUNIÉRAS	F	De l'observation des pratiques en médecine générale
B. FANTINO	F	Les observatoires: une perspective de santé publique?

**Special Session 1 - Round Table: Productivity in Health Care - Chair: Prof. Keisei Tanahashi, JAPAN / Prof. Duncan Boldy, AUSTRALIA**

Duncan BOLDY	AUS	Care versus cure: concepts and applications related to productivity and its measurement
Keisei T. TANAHASHI	JAP	Conceptual Framework of Productivity for Health Care

**THURSDAY, 1<sup>ST</sup> JUNE 2000 TIME: 14:30 – 16:30**

**Area 2.1.2 Financing of Progress - Case Studies**

Danny CASSIMON	B	The valuation and financing of R&D-intensive pharmaceutical companies: A "real option" approach
Daisy RHUGUET	F	R&D and retooling of innovation process: The cases of Glaxo-Wellcome and Roche
Frédéric RUPPRECHT	F	La régulation du secteur pharmaceutique en France: la délicate conciliation d'objectifs parfois divergents
Pedro PLANS-RUBIO	SP	Management of coronary heart disease prevention in Spain based on cost-effectiveness analysis
Christine VERDIER	F	Etude de faisabilité de l'application de la méthode ABC à la connaissance des coûts hospitaliers
Gwyn BEVAN	UK	Financing the teaching of clinical medical students in England - what price efficiency

**Area 1.2.2 Managing Diseases - Resources**

Oliver HARDING	UK	Viable systems and stroke
Douglas McCULLOCH	IRE	The Economic Evaluation of a Drug for Patients with Alzheimers Disease
Colette JACOB	B	L'optimum des soins infirmiers et adéquation des ressources: le cas des soins intensifs
Magali RINEAU	F	PMSI Psychiatrie: Une Classification medico-economique pour decrire l'hospitalisation temps plein
Athanasios E. RAPTIS	GR	Greek experience and practical aspects from the implementation of the diabetic electronic management system
Francois MENNERAT	F	A system of concepts to support continuity of care - A European standard for health informatics

**Special Session 2: Round Table – Medicometrie and Regional Development – Chair: Prof. Antoine Bailly, SWITZERLAND**

Jean ARNAUTOU	?
Martin BERNHARDT	CH
Jean Pierre GALLET	?
Michel PERIAT	CH

**Special Session 6: Health System Reforms under Limited Resources - Chair: Prof. Detlef Schwefel, GUATEMALA / Dr. Rolf Korte, GERMANY**

Fathi BOUFARES	TUN	Mise en place d'une strategie preventive dans un hopital universitaire - a propos du modele de l'hopital de Sousse
Altawati M. BEHEEH	LIBYA	Re-organization of health services
Slim HADDAD	CAN	Politiques Sectorielles et Pratiques de Vente du Médicament au Mali
Melitta JAKAB	USA	Hospital Organisational Structure in Eastern-Europe and Central-Asia: Changes Without Concept

**THURSDAY, 1<sup>ST</sup> JUNE 2000 TIME: 17:00 – 18:00**

**Plenary Session**

David DROR	CAN	Micro-insurance, experiences and perspectives
Peter JOZAN	H	?

**FRIDAY, 2<sup>ND</sup> JUNE 2000**      **TIME: 08:30 – 10:30**

**Area 3.4**      **Simulation and Modeling**

David FONE	UK	Systematic review of the use and value of stochastic computer simulation modelling in population health and health care delivery
Joanna MARTYNIAK	POL	A multivariate model applied to the predicting of the risk of coronary heart disease
Catherine LE GALES	F	Assessment of the multi-attribute preference function for HUI 3 in an adult French sample
Bryony DEAN	UK	Can simulation be used to predict the effect on medication administration errors of changing the drug distribution system?
Jacky MATHONNAT	F	The effects of external financing on public expenditures in health sector in developing countries - An econometric investigation
Mrigesh R. BHATIA	UK	Evidence of starting point bias: A WTP study for treated mosquito nets in India

**Special Session 7: System Thinking Scenario Planning - Chair: Dr. Geoff Royston, UK**

Geoff ROYSTON	UK	System and scenario approaches to improving access to care: the development of NHS Direct and other modern pathways to health services
---------------	----	--

**Special Session 9: Systèmes décentralisés d'assurances santé: expériences et perspectives de la micro-assurance, mutuelles-de-santé et autres réalisations**

**Chair: Prof. Pierre Fournier, CANADA / Mr. David Dror, SWITZERLAND**

Robert CAZAL	BUR. FASO	Déterminants et impacts d'un système de prépaiement en milieu rural dans le district de houndé (est du Burkina Faso) de 1994 à 1999
Lambert F. GBOSSA	CH	Système intégré d'assurance santé
Christian JACQUIER	CH	Micro-assurance: a new concept for improving access to health care for the excluded
Alain LETOURMY	F	Rationalité de l'appui aux mutuelles de santé en Afrique

**Special Session 17: Pharmacoeconomics of infectious diseases - Chair: Maarten Postma, Dr. Jager, THE NETHERLANDS**

Maarten POSTMA	NL	Pharmaco-economic evaluation of HIV screening in Pregnancy in London and Amsterdam
R. WELTE	NL	Economic evaluation of screening programs for Chlamydia trachomatis: Population based dynamic modeling leads to substantially different results than static decision analysis
Fernando ANTONANZAS	SP	Ideal and practical models for calculating the social costs of drug abuse
G. ARDINE DE WIT	NL	Cost-effectiveness of Hepatitis-B vaccination in the Netherlands
A. TRAMARIN	IT	Counting the costs and progress made in HIV treatment and care in Italy

**FRIDAY, 2<sup>ND</sup> JUNE 2000**      **TIME: 11:00 – 13:00**

**Area 3.5**      **Dealing with Complexity: the one to n! problem**

John J. FERGUSON	UK	Variability in prescribing: The value of small area research
Luc DELESIE	B	Visualizing the variability of medical care: differences in drug prescription patterns among Belgian home practitioners
Georges MENAHEM	F	From demand for safety model to relationships between health status, risk behaviour and wealth inequalities
Lucia PENNISI	IT	Medical costs of road accidents in Italy
B. BOUNEKKAR	F	Spatial autoaggressive processes: a stepwise algorithm for specification. Application to maternity hospital use in Rhône-Alpes
Nuray YOLSAL	TR	Training of Trainers (TOT) Programs and the Evaluation of its Effects in Istanbul Faculty of Medicine

**Special Session 12: Mutual, Community-based and Micro Health Insurance: Challenges, Experiences and Future - Chair: Mr. David Dror, SWITZERLAND / Prof. Pierre Fournier, CANADA**

Jean ETTÉ	IVORY COAST	Mutualité, Solidarité et rationalité économique: les implications des limites de l'"homo participatus" pour le développement des mutuelles de santé en Afrique
Benedicte FONTENEAU	B	Emergence de pratiques d'économie sociale en matière de financement de la santé en Afrique de l'ouest
Jean Francois OUTREVILLE	CH	Reinsurance of a small mutual health insurance company
Rainer SAUERBORN	GER	Willingness-to-pay for community-based insurance in rural and semi-urban Burkina Faso: Some preliminary results

**Special Session 8: Transplantation Pharmacoeconomics - Chair: Mr. Postma, THE NETHERLANDS**

Wolfgang GREINER	GER	Cost utility analysis of liver and kidney transplantation in Germany
Maarten POSTMA	NL	Economic evaluation of treatment with Mofetil after renal transplantation
Julie RATCLIFFE	UK	Evaluating alternative selection policies for liver transplantation: A simulation modelling approach

**FRIDAY, 2<sup>ND</sup> JUNE 2000**      **TIME: 14:30 – 15:30**

**Closing Ceremony**

Gérard DURU	F
